Dear Ms. Davis:

This is to request that you withdraw our name from Part A of our Hazardous Waste Permit I.L.D. 005172663.

We are NOT a disposal facility. We have a working agreement with Indiana Liquid Transport, Inc., who's E.P.A. Identification No. is I.N.D. 058484114 and Indiana Liquid Waste Disposal who's E.P.A. Identification No. is I.N.D. 093219012.

In our operation we generate a hazardous waste material known as #4 Spent Ferric Chloride. The new material is obtained from Rock Valley Oil and Chemical Co., 1911 Windsor Road, Rockford, Illinois 61111. This material is delivered to us in drums. After our use it is returned to drums and stored until we have the amount necessary to bring a tank truck in from Indiana Liquid Transport, Inc. The new and spent material is recycled within a 90 day period, which is within the guide lines of the E.P.A.

I believe the above information should be what is required to have our company's name withdrawn from Part A of Hazardous Waste Permit I.L.D. 005172663.

Sincerely,

James G. Hess
